CUNY College Currently Attending: _____ Major(s) : _____

Volunteer, Work and Extra-Curricular Activities

List your volunteer, work, and extra-curricular experiences during college such as in student government, campus organizations, and/or community-based organizations. Include the name of organization, length of service and a brief description of the activity. Continue on separate paper if needed.

Name of organization/activity	Years that apply & duration of service	Activity and number of hours per week/month you participated

Essay - Answer the following in 500 words or less. Attach your type-written, double-spaced essay to the application.

The process of becoming socially and academically integrated into the campus community is an important factor in student success. What are some ideas you have about enhancing the academic and social experiences of students on your campus? How could you be a part of that?

References

Please provide the names and contact information of two individuals familiar with your volunteer and work experiences. These can include college professors, work supervisor and/or community leaders, but at least one should be from CUNY.

Student Agreement

If I am accepted into the program, I agree to:

- Attend all twelve evening workshops over a six-week period this summer (except in cases of emergency),
- Develop a proposal in collaboration with peers and College Now staff, which seeks to strengthen my campus community and supports student success.
- Implement the proposed project with the support of College Now staff and with funding in the fall of 2008.
- Document my process of this project's implementation for use by the College Now program.
